

Annie Mui
Americorps VISTA
Development and Communications Associate

Annie Mui is the Americorps VISTA Development and Communications Associate at the Asian American Institute (AAI). Prior to joining AAI, Ms. Mui earned her B.A. in Graphic Design from the University of Illinois at Urbana-Champaign. In her next year, she will be implementing her visual communication skills to develop and strengthen the identity of AAI. She will also be working to develop the community through capacity building and fundraising.

Ms. Mui grew up in Chicago, working in her family's Chinese restaurant. The restaurant was like a second home where she did homework after school and spent time with her family. Most of her free time was spent at the local library, where she first started volunteering as a tutor in Chicago Public Library After-School Program. This experience sparked her interest in community service. Since then, she has served in organizations such as Chicago Women's AIDS Project, Relay for Life, Dance for Life, Christ Advocate Hospital, Habitat for Humanity, and Big Oak Girls' Ranch for abused children.

Ms. Mui hopes to make a difference in the Asian American community, in addition to learning more about her culture and heritage in her next year of service at the Asian American Institute.
